LVL MEDICAL GROUP ACCELERATED GROWTH: TAKE-OVER IN HOME-BASED INTENSIVE CARE IN GERMANY

In accordance with its determination to accelerate its expansion by external growth, LVL Médical strengthened its position as leader on the German market for home-based care and has just taken over the company LYNN'S BEST that specialises in the management of home-based intensive care for children.

This company, located in Bavaria, represents current turnover of € 7.6 million on full-year basis with profitability of around 15% on 30 June 2008.

This take-over will take effect on 1 October 2008 and will have an impact on the Group's turnover and results from the 2008/2009 financial period.

The Group thus confirms accelerated development for the 2008-2009 financial period by internal and external growth and improved profit.

→ Next announcement

LVL Médical will publish its annual turnover for the financial period closed on 30 September 2008 on 28 October 2008 after market.

Financial advice of 10/09/2008

Founded in 1989, LVL Médical Groupe has become, over the years, a leader in the medical service fields of respiratory assistance, perfusion, nutrition, insulin therapy and home-based medical care in France.

In Germany the Group is the leader in the provision of home-based nursing care and intensive care services and in dedicated structures.
